Flu shot big pharma season is here again -- why inject poison into yourself? It is much better to build the immune system by vitamin D3, herbs, kelp, colloidal silver, good nutrition, moderate exercise, and other wise bodily health enhancements. (stay away from pork just like God tells you in His Word! Parasites of many types in pork will lower your immune system)

At the time of this posting all the below links were working. Hopefully they will stay Online indefinitely so the readers can check them out.

## **New Health Ranger video exposes the truth about MSG, mercury and formaldehyde in vaccines**

**November 20, 2012**

Did you know the CDC openly admits that all the following chemicals are *intentionally* added to vaccines? Formaldehyde, aluminum, MSG (monosodium glutamate) and mercury.

Each of these toxic substances is well known to cause neurological damage, and the amounts added to vaccines are far beyond mere "trace" levels. This helps explain why vaccines are documented to cause:

- Seizures
- Comas
- Autism
- Headaches
- Spontaneous abortions
- Infertility
- Death

I've just posted a new video explaining all this, including screen shots from the CDC website that openly admit all these chemicals and metals are intentionally and *knowingly* added to vaccines.

**The vaccine industry refuses to manufacture "clean" vaccines for the masses**  
British royalty are given special "clean" vaccines that contain none of these metals. The same is undoubtedly true with the global elite who eat all non-GMO, organic produce.

The chemicals are intended for the masses. Whether it's genetically modified food, pesticide-

contaminated food or vaccines laced with mercury and MSG, the public is being poisoned by design.

The purpose of this poisoning is two-fold: 1) To keep the population subsisting in a never-ending state of chronic disease in order to enrich the drug companies. And 2) To reduce the population through vaccine-induced infertility and abortions.

The vaccine industry and all its pushers *pretend that vaccines* <<http://uncensored.us5.list-manage2.com/track/click?u=1f7a8f880f050cbdf7325c300&id=41af39f4c2&e=f3dcadcf54>> are harmless and yet they were forced to pass congressionally-approved blanket immunity because vaccines were maiming and killing so many Americans that the lawsuits would have bankrupted the industry.

You have to ask the commonsense question: If vaccines are so perfectly safe and have no side effects, why did they need blanket immunity? And why have tens of millions of dollars in injury compensation already been paid out to vaccine victims <<http://uncensored.us5.list-manage1.com/track/click?u=1f7a8f880f050cbdf7325c300&id=3f08f2c034&e=f3dcadcf54>> ?
